

AGED CARE INSURANCE

Quality Insurance for Residential
Community and Home Care Providers

Our commitment to the aged care sector began in 1978, when we were approached to establish an insurance scheme for aged care providers that were finding it difficult and expensive to obtain the necessary insurance. Through taking the time to understand the requirements of the industry and working with leading aged care underwriters, Gow-Gates was able to successfully develop an insurance scheme that suited the needs of the sector and was also competitive on price.

This same scheme, now evolved and adapted to suit changing economic trends and legislative requirements, is still available today and is thought to be the longest running of its type. Now, years down the track, our industry knowledge, competitive pricing, broad covers and access to secure insurers has earned Gow-Gates the reputation as a pioneer and an innovator in aged care insurance.
